

# ABOUT THE PROJECT

- » The bridge connects the Borough of Frenchtown in Hunterdon County, NJ with the Uhlerstown section of Tincum Township in Bucks County, PA.
- » The planned rehabilitation is intended to put the bridge in a good state of condition and extend its service life so it will not need a major rehabilitation for at least 15 years.

## Timeline

Currently, the project design will take place in 2024, followed by construction starting in 2025.

*All future dates are tentative estimates and are subject to change.*
